

Get Your Products to Market Faster

ForeSight® is a mobile point-of-sale illustration platform that transforms the way your insurance and retirement products are quoted, marketed, illustrated, and sold. ForeSight delivers a mobile, secure, responsive and intuitive illustration solution that supports key aspects of the insurance sales process for multiple lines of business across diverse distribution channels. ForeSight produces compliant, transparent and compelling illustrations, enhancing producer productivity and increasing sales opportunities.

Aligning Illustrations with the Way Insurance and Retirement Solutions Are Sold

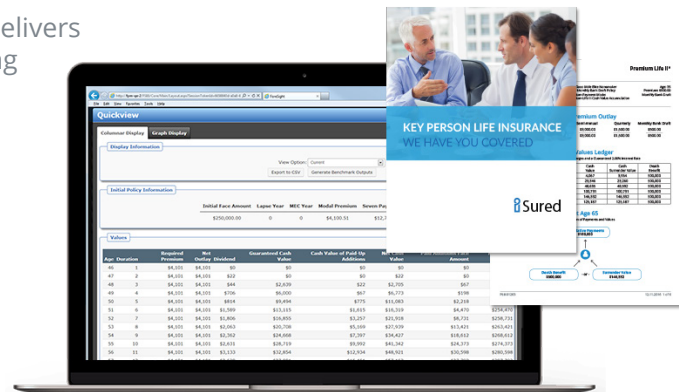

Distribute products to market faster and provide robust sales tools that enable your distribution to quickly and effectively showcase your unique product differentiators while meeting client needs.

The ForeSight Advantage

ForeSight® for All Lines of Business

- Life Insurance
- Annuities
- Long-Term Care
- Disability Income
- Critical Illness

ForeSight for Life

Illustrate all life insurance products and support your sales force with in-force illustrations and advanced sales concepts. Support individual life, multi-life and voluntary group life from a single enterprise illustration system.

ForeSight for Annuities

Provide a suite of integrated sales tools to produce compliant and compelling illustrations that highlight your products' robust benefits, multifaceted features and competitive pricing for all annuity product types.

ForeSight for Long Term Care

Create customized illustrations of retirement plans including qualified and non-qualified plans, individual or joint quotes, and integrate state-specific requirements with client-centric sales presentations with ForeSight.

ForeSight for Disability Income

Quickly demonstrate a client's disability income requirement and illustrate where gaps in coverage remain to support client needs.

ForeSight for Critical Illness

Run quick product illustrations based on need and coverage requirements, providing additional sales capabilities.

Start simplifying and enhancing the marketing and selling of insurance and retirement products with ForeSight illustrations.

Sales automation solutions for the insurance and financial services industries.
